

About Gambian Touloucouna Oil

Experience the power of Gambian Touloucouna Oil, a natural remedy known for its deep healing, anti-inflammatory, and skin-soothing properties. Extracted from the seeds of the Carapa procera tree, this oil has been used for generations in skincare, haircare, and traditional medicine.

Why Gambian Touloucouna Oil?

Touloucouna oil, also called Carapa Oil, is a rich, golden oil packed with essential fatty acids and antioxidants. Traditionally used in Africa and the Caribbean, it is valued for its ability to relieve joint pain, skin conditions, and scalp issues.
